BASIS FOR INTERIM OPERATIONS, 207 B POND SLUDGE- SRK-271-93

Enclosed is the Basis for Interim Operations for removal by vacuum truck and storage in tanks on the 750 Pad for the 207B Pond Sludge for your review and approval. The concept for this safety review is founded in DOE Order 5480.23 and was recommended by your staff who have also participated in the periodic meetings as the document was developed. A similar document is in preparation for the 207C pond brine and is planned to be complete by December 23, 1993 and will be reconciled prior to commencement of the 207C pond operations.

Due to the accelerated nature of this effort, approval of this document is requested by December 23, 1993. Any questions can be addressed to D. R. Ferrier at 966-8568 or digital page X1841.

S.R. Keith
Program Director
Solar Pond Projects
